# **Introduction**

This directory provides a list of SecureChoice's plan providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You may want to choose one of our plan providers that are listed in this directory to be your **Primary Care Physician (PCP)**. The term "PCP" will be used throughout this directory. Generally you should get your health care coverage from your PCP.

The "plan providers" listed in this directory have agreed to provide you with your health care coverage. You may go to any of our plan providers listed in this directory, however some services may require prior authorization whether you are seeing a plan provider or non-plan provider. If you have been going to one plan provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-plan providers. Obtaining covered services from non-plan providers without prior authorization by SecureChoice will be paid at the out-of-network benefit level.

## **TERMS TO KNOW:**

### **PRIMARY CARE PHYSICIAN (PCP)**

A primary Care Physician (PCP) is a health care professional you select to provide basic health care and helps you arrange or coordinate other health care services. SecureChoice members may select a PCP.

### **SPECIALTY CARE PHYSICIAN (SCP)**

A Specialty Care Physician (SCP) is a physician that provides health care services for a specific disease or body part.

### **BEHAVIORAL MEDICINE AND PSYCHIATRY**

Behavioral Medicine and Psychiatry are health care services provided for mental illness or substance abuse.

### **ANCILLARY PROVIDER**

An ancillary provider is a health care professional that provides specific health care services (i.e. Chiropractors, medical supplies and equipment).

### **TERTIARY PROVIDER**

A tertiary provider is a hospital, physician or other health care provider that has contracted with SecureChoice to provide specialty care services that are not normally available through the local network.

### **NON-PLAN PROVIDER**

A non-plan provider is a hospital, physician or other health care provider that is not contracted with SecureChoice. You do not need prior authorization to obtain covered services from non-plan providers; however, your cost sharing may be higher than if you were to obtain these services from a plan provider.

### **EMERGENCY/URGENT CARE**

The two main differences between urgently needed care and a medical emergency are in the danger to your health and your location. A "medical emergency" occurs when you reasonably believe that your health is in serious danger, whether you are in or outside of the service area. A medical emergency includes severe pain, a bad injury, a serious illness, or a medical condition that is quickly getting much worse. "Urgently needed care" is when you need medical help for an unforeseen illness, injury, or condition, but your health is not in serious danger and you are generally outside of the service area.

### **PRIOR AUTHORIZATION**

Prior authorization is approval in advance by SecureChoice to obtain certain covered services.

## **SERVICE AREA**

Service area is the geographic area approved by the Centers for Medicare and Medicaid Services (CMS) within which an eligible individual may enroll in SecureChoice.

## **CHANGES TO THIS DIRECTORY**

This directory changes frequently. Any questions regarding the status or location of a provider should be directed to Customer Service at one of the numbers listed at the end of this section.

## **HOW DO YOU FIND SecureChoice PROVIDERS IN YOUR AREA?**

Members may choose a PCP from the list of PCPs included in the SecureChoice Provider Directory. The Provider Directory also includes information on whether or not the PCP is accepting new patients. The number following each provider refers to their geographic location on the map above.

If you have questions about SecureChoice, please call our Customer Service Department at 1.877.236.2296. TTY users should call 1.877.236.2291. You can also visit [www.healthplan.org](http://www.healthplan.org).
