## Urine Drug Screening (UDS) via Telehealth

### DISCLAIMER

*This policy does not govern whether a specific procedure is covered under any specific member plan or policy, nor is it intended to address every claim situation. The determination that any service, procedure, item, etc., is covered under a member's benefit plan shall not be construed as a determination that a provider will be reimbursed for services provided. Individual claims may be affected by other factors, including but not necessarily limited to state and federal laws and regulations, legislative mandates, provider contract terms, and THP's professional judgment. Reimbursement for any services shall be subject to member benefits and eligibility on the date of service, medical necessity, adherence to plan policies and procedures, claims editing logic, provider contractual agreement, and applicable referral, authorization, notification, and utilization management guidelines. Unless otherwise noted within the policy, THP's policies apply to participating and providers and facilities. THP reserves the right to review and revise these policies periodically as it deems necessary in its discretion, and it is subject to change or termination at any time by THP. THP has full and final discretionary authority for its interpretation and application. Accordingly, THP may use reasonable discretion in interpreting and applying this policy to health care services provided in any case. No part of this policy may be reproduced, stored in a retrieval system or transmitted, in any shape or form or by any means, whether electronic, mechanical, photocopying or otherwise, without express written permission from THP. When printed, this version becomes uncontrolled. For the most current information, refer to the following website: [healthplan.org](http://healthplan.org).*

### DEFINITIONS, ACRONYMS, TERMS

CHIP	The Children's Health Insurance Program (CHIP) provides low-cost health coverage to children in families that earn too much money to qualify for Medicaid
CPT	Current Procedural Terminology

# POLICY

The Health Plan (THP) will not reimburse professional or institutional claims with the following point of care drug screening codes when billed with a telehealth place of service (02 or 10):

Code	Description
80305	Presumptive drug test, specifically for any number of drug classes, using devices or procedures that can be read by direct optical observation.
80306	Presumptive (qualitative) drug test that is read by instrument-assisted direct optical observation, such as a dipstick, cup, or card system read by a machine.
80307	Presumptive drug test, which is a screening procedure used to detect the presence of drugs or drug classes in a patient's specimen.

Claims will line deny CPT 80305, 80306, and 80307, if place of service 02 or 10 was submitted.
