

UNITED HOSPITAL CENTER

327 Medical Park Drive, Bridgeport, WV 26330
(681) 342-1560 www.uhcwv.org

United Hospital Center is a 292-bed regional referral center serving Harrison County and fourteen surrounding counties. This brand new state-of-the-art hospital prides itself in centers of excellence, including emergency medicine, oncology, and cardiology. Other hospital services include: maternal-child services, pediatrics, behavioral health, physical therapy, respiratory care, dialysis, comprehensive outpatient lab, x-ray, surgery, and a pain management clinic.

Established in 1979, The Health Plan is West Virginia's first and largest health maintenance organization (HMO), and is a licensed health-insuring corporation (HIC) in Ohio with a service area encompassing 76 counties. Our extensive provider network includes over 10,000 physicians, over 100 hospitals, and a national network of more than 52,000 pharmacies.

LIVE UNITED

United Way founded in 1887 is an organized network of nearly 1,800 community-based United Ways in 45 countries and territories. United ways mission is to improve lives by mobilizing the caring power of communities around the world to advance the common good.

What is Camp Catch Your Breath?

United Hospital Center (UHC) in Bridgeport and the Health Plan in West Virginia together with their sponsoring hospitals and supporters, are proud to provide Camp Catch Your Breath for children with asthma. The camp provides a fun and educational experience for children who might not otherwise get to go to camp.

During camp the children will learn by sharing their experiences, making decisions about their conditions, and expressing their feelings about having asthma. In addition to the educational component, children will participate in games, sports, swimming and crafts.

Campers will be supervised by staff from the participating hospitals. A physician will be present at all times and emergency medical support will be readily available.

The camp director, also from UHC, is a registered pharmacist experienced in coordinating asthma camps. The camp counselors are respiratory therapists and nurses.

Who Should Attend and What Will it Cost?

Camp Catch Your Breath is for children with asthma, ages 8-13. The application fee is \$70 per child; **\$80 if registering after June 16.** A **limited** number of scholarships are available.

How do I get more information?

Visit the CCYB website at asthmacamp.uhcwv.org
Complete the registration process online at app.campdoc.com/register/ccyb.

The application deadline is **July 15, 2018**. Attendance is limited to 70 children. If your child is not one of the 70 to attend camp, your application fee will be refunded in full. If you have any additional questions, please call one of the following CCYB Sponsors:
